

# Workshop on Draft *Long-Term Stewardship Plan* for Weldon Spring Site

Weldon Spring Site  
Interpretive Center

August 28, 2002

# Purpose and Goals

- Provide opportunities for early public involvement
- Draft *Long-Term Stewardship Plan* sent out simultaneously to public, Weldon Spring Citizen Commission, and regulators
- Prior to finalization of the *Long-Term Stewardship Plan*, the DOE Team must do the following
  - Complete *Ground Water Record of Decision*
  - Complete institutional controls
  - Revise draft *Long-Term Stewardship Plan* to meet requirements of the Ground Water Record of Decision and institutional controls

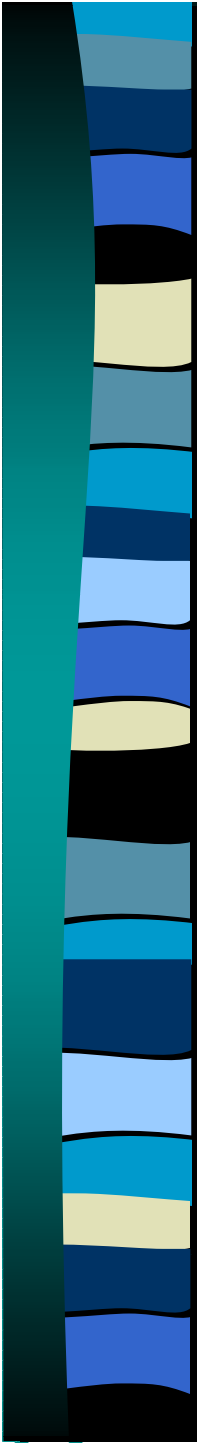

## Purpose and Goals (continued)

- Why spend time have a draft now?
  - Early public involvement
  - Ensure issues and concerns are identified by public
  - Obtain input for developing *Public Participation Plan*
  - Establish framework for stewardship activities that will ensure protection of human health and the environment

# Workshop Agenda

- “This Is WSSRAP” Slideshow
- Workshop Introduction

# Workshop Purpose, Goals, and Format

## ■ Purpose

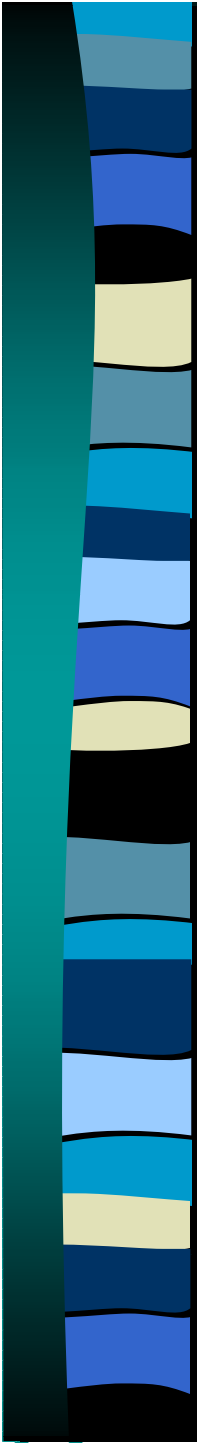

- Continue discussions with the public on the status and plans for transition to the Long-Term Stewardship Program
- Obtain public and regulator input on draft *Long-Term Stewardship Plan*
- Ensure public concerns are addressed in *Long-Term Stewardship Plan*

# Workshop Purpose, Goals, and Format (continued)

## ■ Goals

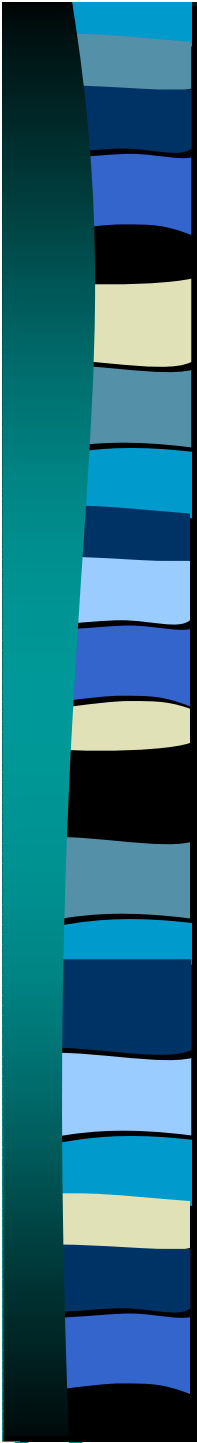

- Obtain public understanding of site status and remaining contamination
- Discuss how *Long-Term Stewardship Plan* addresses monitoring and maintenance
- Discuss the best approach for continuing public interactions

# Workshop Purpose, Goals, and Format (continued)

## ■ Format

- Audience will be separated into three groups; each group will participate in three breakout sessions of 30 minutes each
- Handouts for each session are included in your colored folder
- Each group will select a spokesperson for the session summary
- In each session, a Weldon Spring expert will provide background and status information and a Long-Term Stewardship person will explain how the session topic is addressed in the plan

# Workshop Purpose, Goals, and Format (continued)

## ■ Format (continued)

- The session will then be open for discussion; an integration person will record comments on a flipchart
- Session leads will rotate to the next group after each session
- After all three sessions, the group spokesperson will provide the entire audience with the main concerns or questions from that group

# Breakout Sessions

- 30 minutes each; participate in all three
  - **Land Use and Institutional Controls**  
Leads: Tom Pauling (Weldon Spring Office) and Ray Plienness (Grand Junction Office)
  - **Monitoring and Maintenance**  
Leads: Melissa Lutz (Weldon Spring Office) and Carl Jacobson (Grand Junction Office)
  - **Communications**  
Leads: Pam Thompson (Weldon Spring Office), Art Kleinrath (Grand Junction Office), and David Geiser (DOE Headquarters)

# Breakout Sessions (continued)

- **Integrators**

Wendee Ryan

Dick Johnson

Steve Warren

# Session Summaries

- Spokesperson from each group will summarize group's comments

## Workshop Wrap-Up
